PRACTICUM ACCOMPLISHMENT REPORT

ACCOMPLISHMENT REPORT

PRACTICUM

BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY

ESCALLENTE, ALEXANDER JOERENZ E.

Ms. Wency Trapago

SAN PEDRO CITY POLYTECHNIC COLLEGE PRACTICUM ACCOMPLISHMENT REPORT

I. Introduction

A. Background Information

The practicum occurred at Department of Education at Schools Division Office of San Pedro City. The placement lasted for the required duration of 486 hours in total. The program bridged academic theory and professional software development.

B. Objectives

- Gain practical software development experience.
- Develop technical skills in system architecture.
- Understand government office workflows.

II. Description of the Organization

A. Name and Location

Department of Education Schools Division Office of San Pedro City. It sits at San Pedro Central School, J.Luna St. Brgy. Poblacion, San Pedro City, Laguna, Philippines. Core functions involve managing educational services and administrative approvals.

B. Organizational Structure

III. Scope of Work

A. Assigned Tasks

Primary duties included developing internal systems. Tasks involved coding and database management. Specific focus remained on administrative automation.

B. Challenges Faced

Legacy processes required digital transformation. Complex requirements demanded precise logic. Solutions involved thorough testing and iterative design.

IV. Achievements and Contributions

A. Completed Projects

1. The Complaint Tracking System. (CTS)
2. The Authority to Travel and Locator Approval System. (ALPAS)
3. BACtrack (BACtrack)
4. Work From Home Attendance and Employee Management System. (wfh-sdospc.com)

B. Skills Developed

I developed and enhance my skills such as the Full stack development, Database optimization, Technical documentation, Problem solving, Critical and Logical thinking.

V. Learning Experience

A. Lessons Learned

Clear logic prevents system errors. User feedback improves software usability. Documentation ensures project longevity.

B. Application of Academic Knowledge

Programming principles guided system development. Database management lessons applied to real world data structures and real world scenarios.

VI. Recommendations

A. Suggestions for Improvement

Standardize the developer onboarding process and expose in real-world system and software development and engineering.

SAN PEDRO CITY POLYTECHNIC COLLEGE PRACTICUM ACCOMPLISHMENT REPORT

B. Future Opportunities

Expand systems to other departments and deploying it to the internet with it's full potential.
Implementing mobile versions for existing tools..

VII. Conclusion

This practicum provided industry insights. Objectives reached completion through active development. The experience prepared me for professional roles.

VIII. Acknowledgments

First, I thank God for the wisdom, guidance, and knowledge He gave me throughout my practicum period.

I extend my sincere gratitude to everyone who supported us during our practicum.

I thank our mentors and supervisor for their guidance, clear direction, and consistent feedback. Their support helped us improve our skills and complete our tasks with confidence.

I also appreciate our colleagues and team members for their cooperation and shared effort. Their assistance made our work more efficient and productive each day.

I give special thanks to the Schools Division Superintendent, Phillip B. Gallendez, the OIC Assistant Schools Division Superintendent, Joe Bren L. Consuelo, and Engr. Lyka Jane A. Leosala, The IT Officer 1, our supervisor, mentor, and Unit Head, for their guidance and leadership.

I also thank the ICT clerks, Eljohn S. Beleta and Rogelio D. Sapitula, for their technical support and mentorship.

I express my gratitude to Sheila Mae D. Laude for her legal and life advice, and to Gizelle E. Cabrejas for her daily assistance, support, and guidance.

I am so grateful for their valuable support throughout our practicum period.

Lastly, i thank the Schools Division Office of San Pedro City for providing us with the opportunity to gain real-world experience and apply our knowledge in a professional setting.
